

# When do we laugh or smile?

## Classroom Portion

### Discussion Points:

- When someone says "ouch" because she slipped on her bottom
- When you say "hi" to your friend/teacher in the hallway
- When you see your parents at the pickup time
- When you succeeded on a math problem during a class
- When telling an appropriate joke
- When hearing an inappropriate joke
- When you see a dangerous situation happen in the bathroom while you are in there

## Craft

IN THE CLASSROOM, each student makes a decorated, Double-sided face with a smiley face on one side and a frowny face on the other with the circular piece of paper

Top of the each paper should have a hole where you should tie a piece of yarn to

Then, give each student a piece of duct tape ( duct tape won't come off easily) and they will attach the piece of tape to their front of the shirts along with the yarn that is tied to the faces.

## Gym portion:

We gather in the gym.

We divide the students into two groups and each group stand on the other sides of the gym

Make sure all students starts with the frown face

Each group will stand in a single file line in front of the basketball hoop

When one by one, the students try to get the ball In the hoops, whenever one student scores, the student behind the student that scored turns the frown into a smile for him/her.

If you cannot score after 3 tries, go to the end of the line
